A NOTE ON PRINTING...

While we've tried to set up this activity book to be as user-friendly as possible, we understand that there can be caveats to printing at home.

Our recommendation is to print the book single-sided and in color. And, if you run into trouble solving a puzzle, there's an answer key on the last page.

Enjoy!

Saurio is a Shuvosaurus dinosaur with a very modern sense of style. He has lived in Austin since the Triassic period, calling East Austin his home the whole time.

Saurio likes to hang around with the paleontology students at the University of Texas, and he takes the CapMetro bus wherever he goes. Riding the bus is a great way for Saurio to get around Austin because his short arms make it really hard for him to drive a car!

SPOT THE DIFFERENCES!

Remember the time Capy went to outer space? Below are two *almost* identical pictures from that adventure, but there are <u>10 differences</u> between them. Can you spot 'em all?

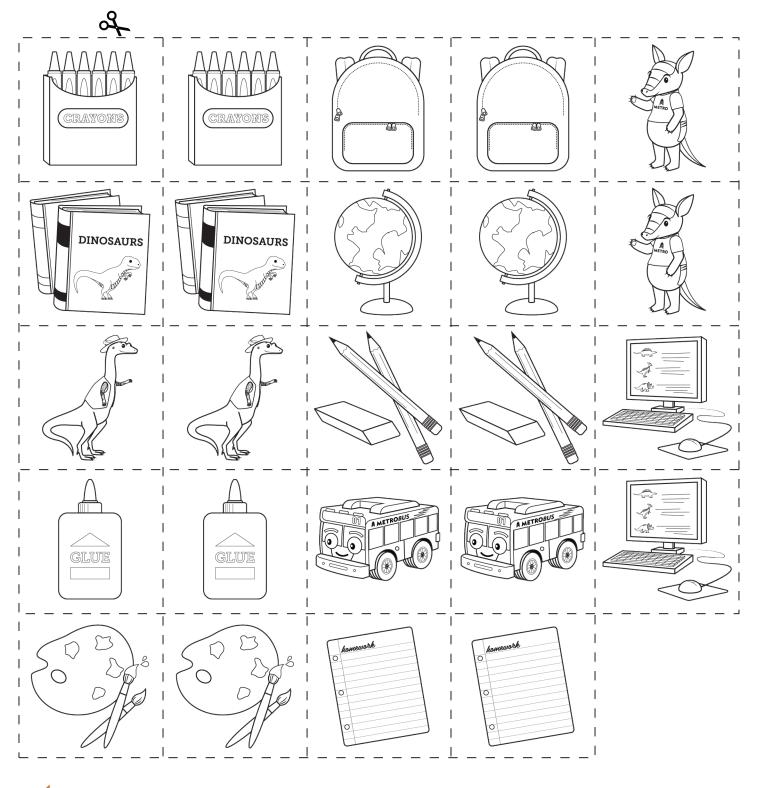

COLOR - CUT - PLAY!

MEMORY MATCH GAME

Cut out the game pieces, mix 'em up and place them face down. Begin the game by turning one piece over, then another. If they match, add them to your pile. If they don't match, turn both pieces back over and try again. Repeat until all matches have been found!

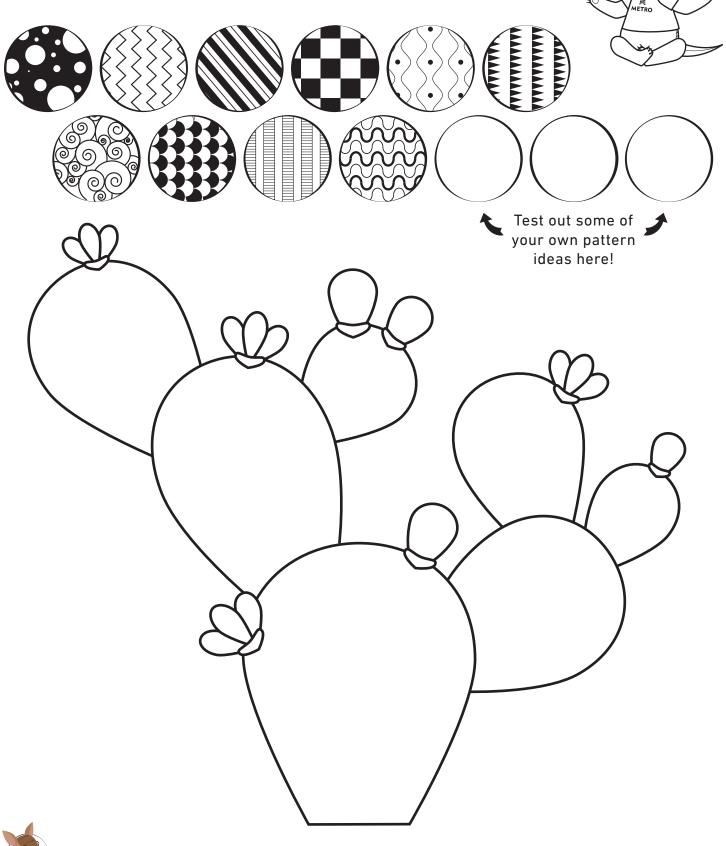

ZENdoodle

Shhhhh. Find inner peace while you color the patterns.

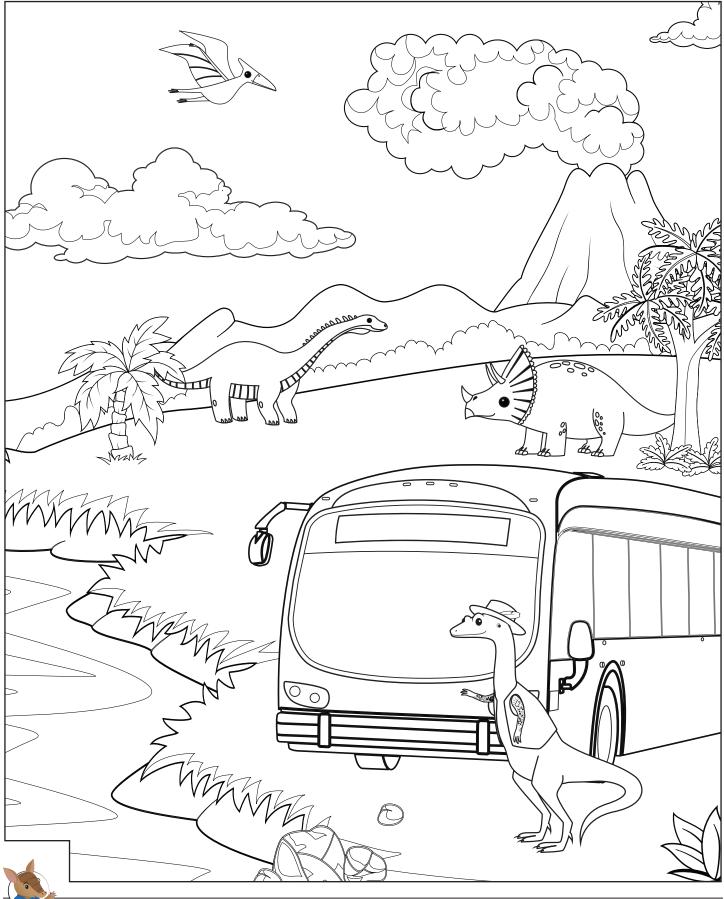

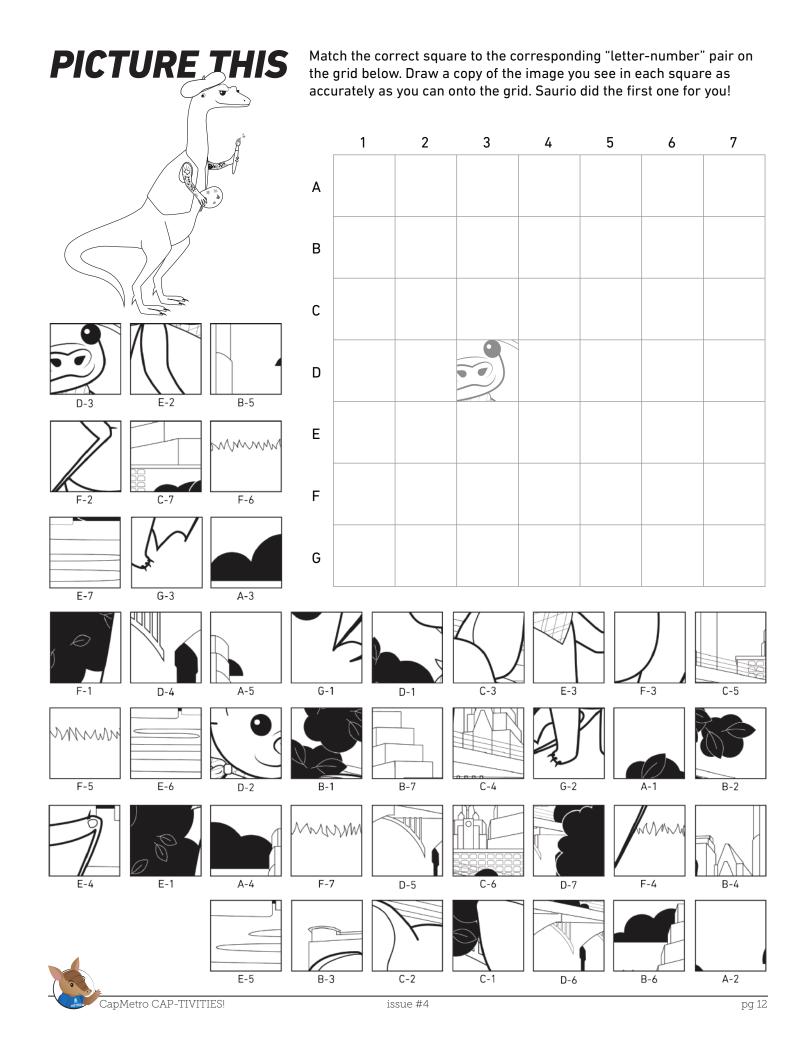

ZENdoodle

Now, try filling the cactus with your own tangle of doodles and patterns! Use the pattern ideas below or use your imagination to create something new!

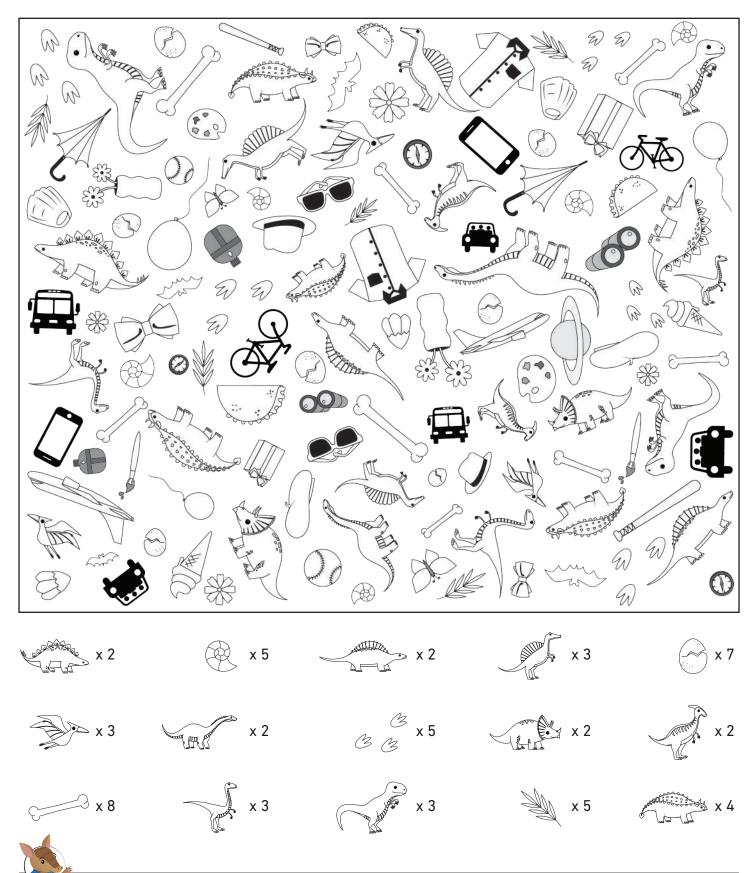

COLORIN' FUN!

Can you spy all of the objects from the list below?
